

Discussion on Rantburg.com

This post and our current poll proposing the word **villepinism** as a replacement for **idiotarianism** is being discussed on **Rantburg.com**.

Better living through neologisms

"Villepinist" is good, but "Villepinhead" is better.

Vas "ist"?

I am thinking that "villepin" is to be preferred, since villepins simply share a notable attribute with the person; they are not his followers, and would themselves be no different did he not exist (c.f. "quisling", "leninist").
