

A Meaningless Death In An Evil Cause

Oliver Kamm rightly speaks ill of the dead – Tom Hurndall of the International Solidarity Movement (ISM), in whose service Hurndall died. The ISM, under the thin disguise of 'peace activism', does nothing for peace but is active in support of the mass murder of Jews in Israel. Although the details of the two cases differ slightly, most of our comments on that other dead ISM activist, **Rachel Corrie**, apply here too.
